Mighty Cam ES

[3x - 43x] with Ultra-Glide Stand

The Mighty Cam ES is a streamlined HDMI/USB camera designed for quick and accurate inspection! View 1080p live images on your HD monitor, or utilize the advanced measurement software on your PC. Capture true-to-life images and videos directly to the SD Card or on your PC.

This inspection system features Aven's Ultra-Glide Arm Stand, allowing operators to smoothly glide the arm along it's 23 inch reach, making it ideal for viewing parts with a large surface area.

Key Features
