

Pull ASSIST
Hands-Free, No Sweat Pulling

Professional. Nothing Less.™

Pull Assist

Hands-Free, No Sweat Pulling Increases Productivity

The Greenlee Pull Assist is a pulling accessory that gives you the option to make your pull hands-free and consistent. Stay out of the danger zone while increasing productivity and decreasing strain and fatigue.

Force you need, when you need it

Precise control

Works with most Greenlee pullers

INCREASED PRODUCTIVITY

“It helps a lot in tight spaces and it’s really handy.”

- Zachary Ellis, NABCO Foreman

Key Benefits

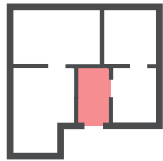

Reduce Strain & Fatigue

With hands-free pulling

Easier Puller Setup in Challenging Locations

Pull in tight spaces

Consistent Pulls All Day

Pulls don't slow down due to fatigue

Stay Out Of Danger Zone

Stand up to 6' away*

Hands-Free Pulling

V-Pulley grabs and pulls the rope from capstan for hands-free pulling, eliminating strain & fatigue from manually pulling

Easy Installation

Replaces offset sheave on puller. Easy installation so you can switch from one puller to another quickly.

**Tools required for initial installation only. See back for compatible pullers*

Rope Retention Lever

Secure rope in v-pulley in seconds for fast setup

Patch Cord

Plug into the footswitch jack

Footswitch Jack

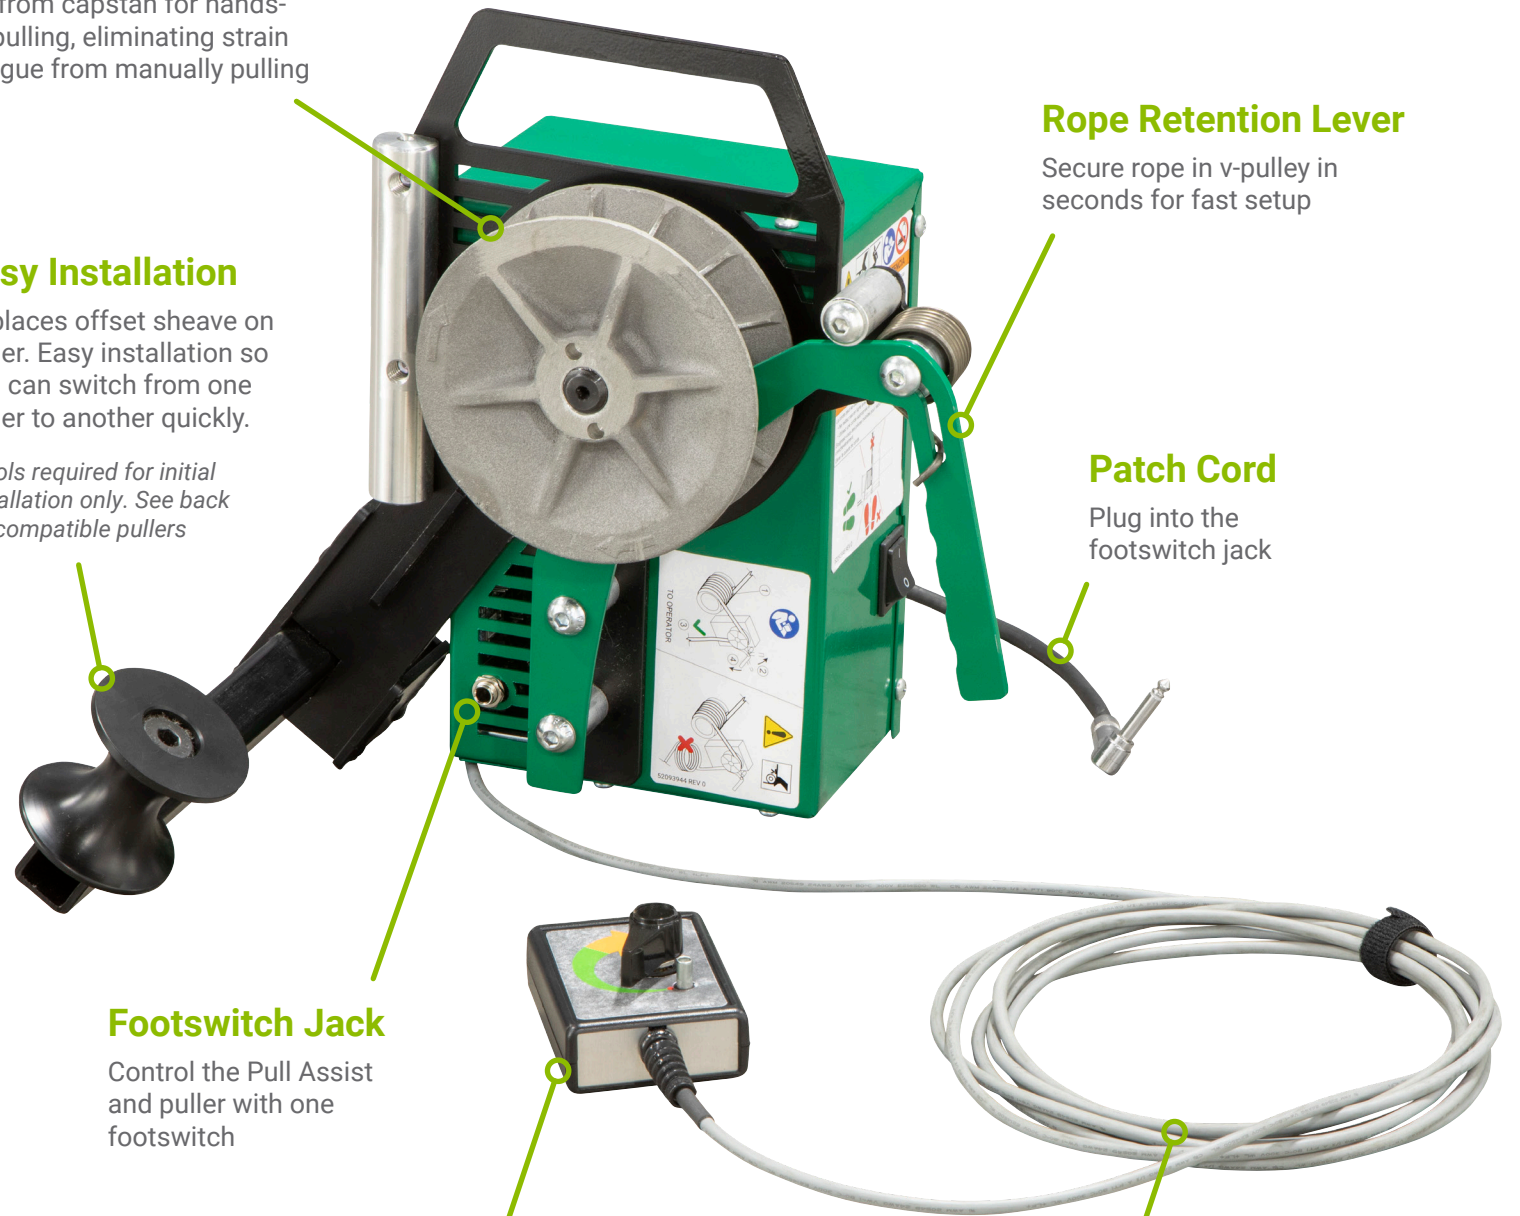

Control the Pull Assist and puller with one footswitch

Total Control

Use the pendant to adjust the tailing force (speed) in real time, from 5 to 85 lbs.

Simplify Pull Setup

6' cord allows you to stand farther away from capstan, allowing for easier setup in tight spots that keeps the operator out of the danger zone

*Never stand directly in front of the puller while operating.

Pull ASSIST

Hands-Free, No Sweat Pulling
